Invitation:

Dear Sir/Madam,

Shankarlal Khandelwal Arts, Science & Commerce College, Akola, Arts and Science College, Kurha, Amravati & Saraswati Kala Mahavidyalaya, Dahihanda, Tq. Dist. Akola in collaboration with & Physical Education Foundation of India has jointly organising one day Inter-Disciplinary International E-Conference on "Covid-19 Pandemic: Challenges, Opportunities & Solutions In Front of Higher Education (CPCOSHE2021)" to be held on 21st August 2021. We are pleased to invite you to register, participate and contribute high quality deliberations and make the event a success.

About Conference:

Education is a mechanism that develops and enhances a person's body, mind and character. It brings together brain, heart and mind and helps a person to build a full personality that recognizes the best in it. Over the last six decades since independence, higher education over India has grown very rapidly but it is not equally open to all. A substantial part of the population also has analphabetic and many children are not even taught in primary school. Not only has a significant part of the population not been excluded from making a complete contribution to the country's growth, but they also have been discouraged from making full use of the benefits of any growth to the public. There are definitely many challenges facing India in higher education during COVID-19 Pandemic period, but it is most important to resolve these challenges and improve higher education. India is a nation with tremendous potential for human capital, which has to be discussed in order to make effective use of this potential. Opportunities are abundant, but it is of concern whether such opportunities can be gained and made accessible to others. There is a need to urgently evaluate financial resources, access and equity, efficiency, standards, relevance, infrastructure and ultimately responsiveness in order to achieve and meet future requirements.

The aim of the conference is mainly focused on the challenges & opportunities in front of higher education in this Covid-19 Pandemic. The conference also aims to identify issues and challenges in the field of higher education in India.

About PEFI:

Physical Education Foundation of India is one of the apex professional groups of country's top physical education teachers of the country and it has done outstanding work during the last decade for uplifting the profession and also dealt with all kinds of problems of the profession as well as problems of physical education teachers in the country. By dint of hard work, the profession of physical education has achieved many mile stones and it has taken a shape on the lines of professional organizations in other disciplines.
