# *Principal's Desk*

*Dr. J.M. Saboo*

On behalf of Shankarlal Khandelwal college family, I welcome all of you in this new session. Let me take this opportunity to introduce our college to you. To impart quality and value based education, and to imbibe the mission 'Education for life, life for nation' the parent society, Shikshan Prasarak Mandal, Akola was founded in 1958.

The college houses three streams as Arts, Commerce and Science along with professional courses like BBA and BCA, and the college has outstanding NCC, NSS, sports and cultural units. As NAAC is the symbol of quality assurance in higher education, the college has undergone its first NAAC accreditation in the year 2009-10. It was realized that now the time has come to start P G courses so that the students need not find the dearth of higher education. To fulfill this self commitment, the college has now equipped itself with P.G. courses like M. A. in English, M.Sc. Bio-informatics and M. sc. Chemistry. Apart from these trodden ways, the college offers some attractive career oriented courses that add an extra edge to the career of the students in the competitive world. These courses are facilitated through UGC, like 'Communication Skills in English', 'Insurance and Banking' and 'Bio- Medical Instrumentation'. To ensure all round development of all the students, the college runs schemes like SC, ST Coaching centre, Placement cell, Equal Opportunity centre, Remedial teaching, etc. Besides this the college is a recognized IGNOU centre too.

I appeal all of you, to join and strengthen us in our every motivated step towards the goal, 'Education for life and Life for Nation.' The value based foundation is all set for you to take a high leap in the vast sky of knowledge, because, according to Albert Einstein "The aim of education must be the training of independently acting and thinking individuals who, however, can see in the service to the community their highest life achievement".
